

MY DREAM

Just walk slowly
don't wake me up
do not break my dream,
my dream
of living color.

**Do not cut the wings of the birds in my head
They are now a part of me.
Do not remove my seat in the clouds
because I need it to understand my life.**

When you close the door
don't make noise
because I'm easy to wake up ,
very easy,
really easy,
too easy.
Please keep that in mind
